

# AGILE TQ TEAM DEVELOPMENT SOLUTION

---

Build agile, high performing teams for a competitive advantage

---

**Great organisations are created by great teams.** Research has shown that **high-performing teams outperform their peers** by up to a factor of **2000** (compared to high-performing individuals who only outperform their peers by a factor of 10).

We help your team achieve **exceptional results** by obtaining deep insight, overcoming obstacles and **finding improved ways of working**.

Our proven team development approach includes **the latest research on the key elements** that are characteristic of exceptional teams. We have a range of **scalable team development solutions available**, depending on your business context.

# WHAT WE OFFER

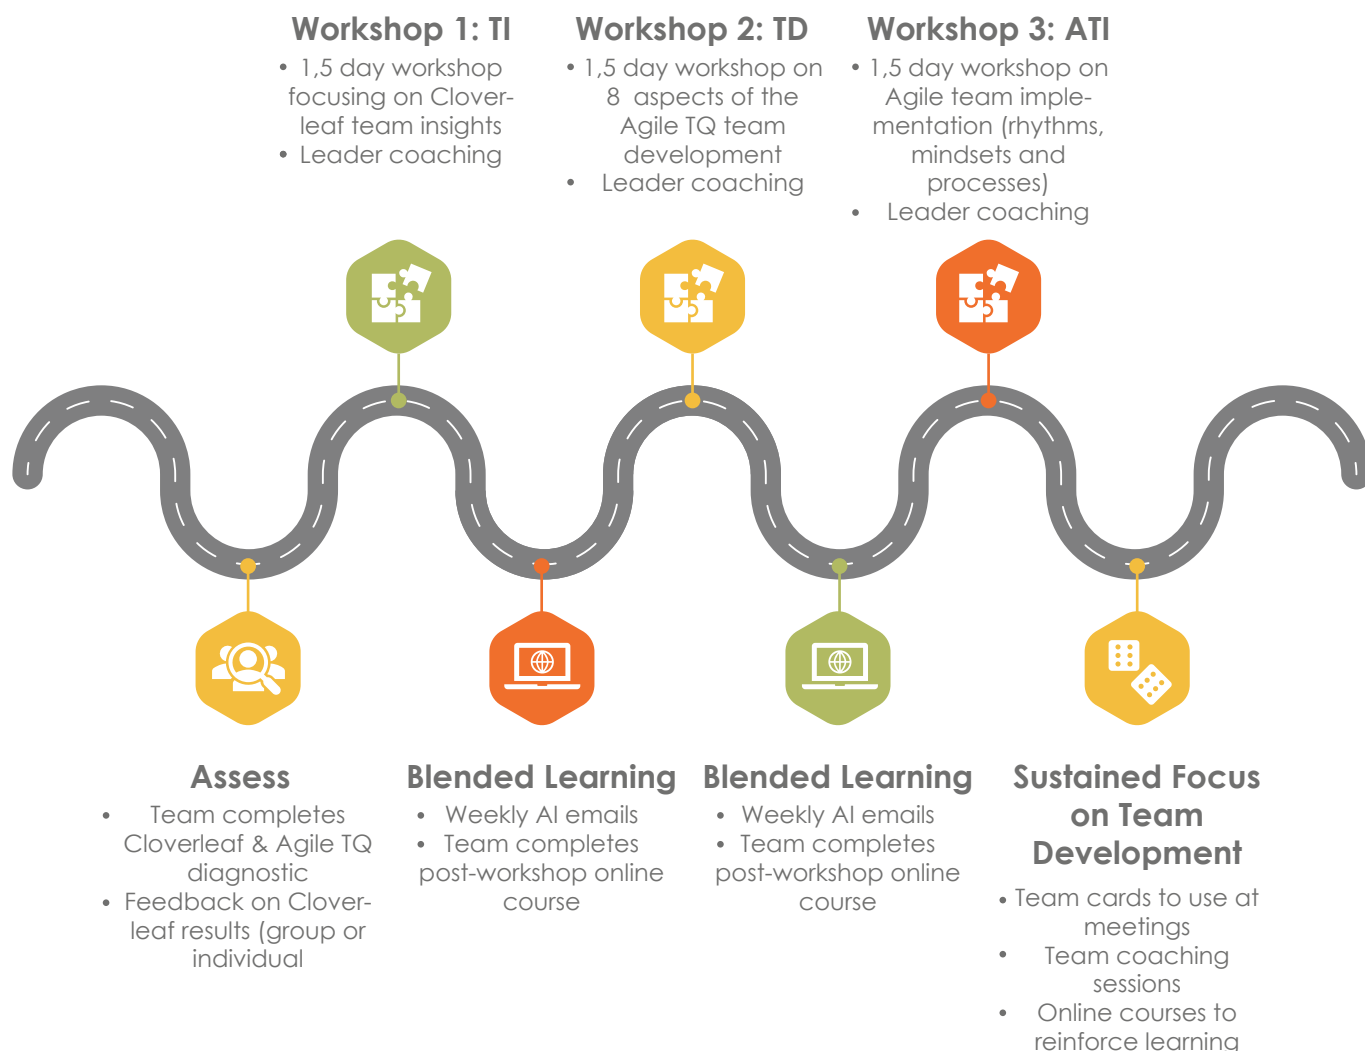

The **Agile TQ programme** is a holistic, research-based team development journey that guarantees sustainable team collaboration.

It is based on the **Agile TQ Team Development Model™**, which identifies **8 characteristics of agile, high-performing teams**.

The Agile TQ Programme has been designed with **sustainable behavior change in mind**. It incorporates the latest research on **neuroscience, behavioral change and team dynamics** to ensure a best-in-class team development experience.

Furthermore, it includes the **Cloverleaf Team Assessment platform** to visualize the real-time assessment data of your team.

## WHAT MAKES US DIFFERENT?

**Expert facilitation:** All our team development facilitators are experts in the field of team development and have worked with teams of all sizes and levels. They have a deep understanding of behavioural psychology, team dynamics and what is needed for teams to move beyond performance.

**Agile transformation:** We have a special interest in incorporating the latest Agile/Scrum thinking into our Team Development programmes. We are especially focused on the behavioral, leadership and culture shifts that need to take place for Agile transformations to be successful.

**Data analytics:** Our Agile TQ Team Diagnostic allows your team to pinpoint the specific areas that need the most attention and then allows you to track your progress and performance over time.

**Optimal learning experience:** Our team development journeys utilise a range of blended-learning activities that are immersive in nature, to optimise the learning experience of the team.

**Best-in-class:** Our approach is underpinned by the latest research on team development, collaboration, inclusion, and innovation.
